

KEERTHIKA A

JAVA FULL STACK DEVELOPER

Chennai | 7558165348 | keerthikaanbazzhagan48@gmail.com

SUMMARY

Java Full Stack Developer with a strong foundation in Core Java, OOPs, Collections, Exception Handling, Multithreading, SQL, MySQL, HTML, CSS, JavaScript, and Spring Boot. Currently pursuing final-year BCA through correspondence at Bharathidasan University. Seeking an entry-level Java Developer or Java Full Stack Developer role to apply technical skills and contribute to quality software solutions.

EDUCATION

Bachelor of Computer Applications (BCA)

Jan 2024 - Present

Mode: Correspondence

Final year

Bharathidasan University, Tiruchirappalli.

B.Sc. Nutrition & Dietetics

Jun 2022 - April 2023

Vivekananda College of Arts and Sciences for Women, Namakkal

PROJECTS

Food Delivery Management System – Java, Spring Boot & MySQL

- Developed a food delivery application using Java, Spring Boot, REST API, and MySQL.
- Implemented separate modules for customers and delivery partners.
- Created REST APIs for managing customer, food order, and delivery partner details.
- Used MySQL for storing and managing application data using relational database concepts.
- Implemented CRUD operations using Spring Boot and database integration.

Nutrition & Diet Management System – MySQL

- Designed a relational database for managing users, nutritionists, foods, nutrients, diet plans, and health goals.
- Created tables using Primary Keys, Foreign Keys, and appropriate constraints. Implemented SQL queries using JOIN, GROUP BY, aggregate functions, subqueries, and filtering.
- Developed database relationships to maintain data consistency and integrity.
- Created sample reports using multiple-table queries and database operations.

TECHNICAL SKILLS

Programming: Core Java, JavaScript

Java Concepts: OOPs, Collections, Exception Handling, Multithreading

Backend: Spring Boot, REST API

Frontend: HTML5, CSS3, JavaScript

Database: SQL, MySQL
